

Environmental Policy Statement

DAYINSURE WALES RALLY GB 2016 ENVIRONMENTAL POLICY STATEMENT

The organisers of the Dayinsure Wales Rally GB, International Motor Sports Limited (IMS) is committed to the protection of the environment and minimising the social, cultural and environmental impacts of all stages of the Rally and its associated activities. Through the implementation of its Environmental Management System, IMS is committed to achieving the following objectives:

- Promote good sustainability practice throughout the planning and delivery of the event as far as is reasonably practical, and to help our clients, partners and suppliers do the same.
- Ensure full commitment at senior management level and responsibilities for environmental and sustainability objectives are assigned throughout the organisation.
- Promote continual improvements in environmental performance by the setting and reviewing of Annual Environmental Aims and the undertaking of regular senior management reviews.
- Provide information, training or consultation with relevant stakeholders to enable them to carry out their environmental responsibilities, and to encourage an atmosphere of transparency and knowledge sharing.
- Understand and ensure that all legal requirements relating to the environment are met or exceed, and where possible all industry best practice (such as the FIA Institute Environmental Accreditation Guidelines) is followed where reasonably practicable.
- Monitor and report environmental performance against environmental objectives.
- Continually review environmental impact assessments in order to inform environmental policy and procedures.
- Ensure environmental performance and the administration of the Environmental Management System is audited transparently and independently.
- Where possible, procure services and materials, which are environmentally certified, locally sourced, or reusable/recyclable.
- Reduce consumption of energy, water and fuel, where possible.
- Manage and reduce waste and promote recycling, where possible.
- Minimise the impacts on noise, air quality, biodiversity and cultural heritage, where possible.

The key environmental objectives, which form part of the Environmental Management System, are reviewed regularly to promote a continual improvement in environmental performance. Specific aims for this year are as follows:

- To review the environmental impact assessment that informs the Environmental Management System each year;
- To minimise impact on ground and water contamination as a result of the service park activities;
- To take steps to minimise the number of printed tickets and rally programmes in circulation in favour of electronic documents; and
- To minimise the impact of vehicles and fuel consumption used to administer the event.
